

RASA NEWSLETTER

Unifying through the Artistic Experience

**JUNE
EDITION**

2023

RASA – Ramana Sunritya Aalaya was founded in 1989 by Dr. Ambika Kameshwar with the vision to empower one and all, through the Theatre Arts experience. Today, RASA stands as a 33-year-old organization with a multi-pronged approach to inclusion and transformation. This could not have been achieved without the support of our Staff, Donors, Partners and Parents. By God’s Grace we have been able to consistently run several activities that have created a long-term positive impact on our beneficiaries

DIRECTOR'S NOTE

Summer fun and more...

Summer vacation is when we can get enough time to catch up on the many things we need to do that the working days do not allow. More bonding with the family, time to catch up with friends, trips outside of our city/town, extracurricular activities, fun, and games, et al.

At RASA too the students look forward to vacation time and once that is done, again eagerly await the start of the first term of the new academic year.

Preceding the holidays was Assessment time for all the students, and then the teachers/facilitators sat together to plan the syllabus for the coming year.

New students and staff were welcomed into RASA

The sharing of unconditional love amongst the 'staff' and 'students' is a RASA way of life, and has paved the way yet again for the opening of another lovely year of 'endless possibilities and unforgettable memories.'

Stay tuned for the many activities of RASA planned for the months ahead this year.

Love and Wishes

Dr. Ambika Kameshwar

YEARLY ASSESSMENTS

The month of April was spent on yearly assessments and plans for the upcoming year ahead. The students were assessed in life skills and their livelihood training skills. All the students showed a significant improvement overall.

HOLIDAYS AT RASA

The students of the life skills training had one month of holidays. It was a time of unwinding, and family bonding. Many students regularly reported through WhatsApp indicating that they helped their parents in their day to day activities. We are happy to share here a few text message exchanges. The livelihood division had a two week break and they were back with even more enthusiasm in the final week of May.
